

Although the minimum age for working on a Habitat Charlotte construction site is 16, there are still opportunities for young Habitat supporters ages 5-16. **Here are three easy ways you can get started and make a difference!**

BOOK DRIVES

Julia's Café & Books helps raise thousands of dollars for Habitat Charlotte by selling gently used, donated books. Organize a book drive in your neighborhood, school or church, and help build a Habitat home without ever lifting a hammer!

If you'd like to organize a book drive, please email books@juliarcafe.org.

WELCOME HOME

Individuals and small groups can be part of home dedications and events for our homeowners throughout the year. Volunteer roles include, but are not limited to: event set up, greeting guests, clean up and more. You may even choose to put together a nice welcome basket for the family or donate refreshments for event guests. Please contact Family Services Manager Mary English at menglish@habitatcharlotte.org for further details.

FUEL A CREW

Habitat Charlotte provides lunch to our core volunteer groups or regular crews. Individuals or groups can provide a simple lunch or snacks for crews of 10-15 volunteers to be delivered by one of our staff members. Please contact Construction Volunteer Coordinator Courtney DuBulis at cdubulis@habitatcharlotte.org to get involved.
